ROOSEVELT AND TAFT HELP REPUBLICANS

(Continued From Page One.)

adopted Wednesday is sufficiently progressive.

The name of Nicholas Longworth is prominently mentioned as a compromise candidate. He will deliver the keynote speech Tuesday afternoon, and it is pointed out that a successful effort would bring him to the fore in case of a deadlock.

As a majority of the delegates are unpledged, state leaders are interested in the number of votes which Mr. Garfield will claim for the "progressives." It is considered that this will have a direct bearing upon the platform to be adopted and hence upon the candidate for governor. Wade Ellis, state chairman, and a friend of president Taft, insists on the endorsement of the Payne tariff law. The fight of the "progressives" thus far has been for an advanced platform.

George B. Cox, chairman of the Hamilton county delegation, announced this morning that congressman Nicholas Longworth would not be a candidate for the gubernatorial nomination under any circumstances.

"Mr. Longworth will run for congress and nothing else," said Mr. Cox.

LIQUOR QUESTION FACES THE NEBRASKA REPUBLICANS, TOO

Lincoln, Neb., July 25.—The Republican state convention, to meet in Lincoln Tuesday, will be composed of 855 delegates. The preliminaries have been completed by the selection of senator Norris Brown as temporary chairman. An effort will be made by the organization to have Brown made permanent chairman, but it is believed that the insurgents will oppose this and will push congressman Norris for the place. Practically the only other contest of any importance is over the party's attitude on the liquor question. Indications from two-thirds of the county conventions in the state are that slightly less than half of the delegates will be instructed to support a straight county option plank.

governor on a prohibition ticket, the voters declaring in favor of submission, but nominating a man opposed to their views.

Other State Offices.

There is little doubt that Allison Mayfield will receive the nomination for reelection as railroad commissioner. He leads his opponents in nearly every section.

A Contest is Close Between Mr. McCord and Senator Harper for the Seat on the Court of Criminal Appeals vacated by Judge M. M. Brooks.

Returned from the controller's race are not sufficient at this time to base a forecast upon Barker and Burkes and Teague received heavy votes throughout the state.

Robison will be nominated over his opponents for land commissioner.

Kennedy Candidate for Speaker. Waco, Tex., July 25.—A. M. Kennedy, whose majority for electoral representation is growing over John Patterson, said today that he would be a candidate for the speakership. Kennedy was elected speaker of the house of the last legislature and, after the investigation of certain charges against him, was asked to resign the speakership, which he did, protesting that the charges had not been proved. Kennedy barely escaped expulsion at the time. John Marshall, who succeeded Kennedy, is not a candidate for reelection.

Randall Will Go To Congress.

McKinney, Tex., July 25.—Incomplete returns, counted at noon today show for congress, fourth district, Randall 7927; Evans 3960. Randall's majority as far as received is 3967. Evans cannot overcome this.

REPUBLICANS MAY RUN CHARLIE KINNE AGAINST IKE ALDERETE FOR CLERK

Will Put Out At Least Partial County Ticket—Primaries Are Held and Delegates Named to County Convention.

The Republicans of the county are going to have out a county ticket. They held precinct conventions Saturday night, elected delegates to the county convention and selected precinct chairmen for the ensuing year.

The Republicans will meet in county convention Saturday and put out at least a partial county ticket. They will also select delegates to the state convention.

It is decided that R. F. Mitchell, present constable, will be nominated for reelection against Domingo Montoya, the Mexican nominated by the Democrats. An effort is being made to get Charlie Kinne, secretary of the chamber of commerce, to run against Ike Alderete for district clerk.

C. M. McKinney, of Clint, is going to be nominated for county commissioner from that precinct against J. J. Perez, Democratic nominee and present holder of the place.

To the state convention S. Lapowski will be one of the delegates and J. A. Smith or A. L. Sharpe will be the other, El Paso county being entitled to two.

U. S. Goen was elected county chairman Saturday night and the following were elected precinct chairmen to con-

vention: Precinct No. 1—L. H. Davis, Thos. Kelly, W. M. McCoy, Tom Thornton.

Trains Moving In Better Shape—Arbitration Turned Down—Many Trains Wrecked Where Strikes Are On.

Montreal, Canada, July 25.—A solution of the Grand Trunk strike problem is now in sight according to company officials. They say it includes neither arbitration nor any further negotiation with the conductors and trainmen, who struck a week ago for a wage scale higher than the 25 percent increase, awarded by the board of conciliation.

The only essential in the company's point of view is set forth in a message to McKenzie King, minister of labor, and that is adequate protection for the company's property and employees, especially the strike breakers. The company today announced that all freight will be accepted for immediate shipment and shows various points responded today, 10,000 employees returning to their places.

The attempts of McKenzie King, minister of labor, to effect a settlement of the strike, have fallen through at least for the present. The Grand Trunk management taking the view that the time for arbitration has passed, and all that the company requires in order to resume the full operation of the road is the protection for its men, which it is legally entitled to.

Trains Moving.

Toronto, Ontario, July 25.—The claims of the Grand Trunk railroad that matters are assuming better shape were borne out by the arrival and departure of four freight trains at Toronto. Crews have been secured to run all passengers, mixed and way freight trains, and eight of the latter will start tomorrow from London, Toronto, Stratford, Sarnia and Niagara Falls.

Cars Are Burned.

South Bend, Ind., July 25.—All passenger trains to and from South Bend, were canceled last night, the burning of freight cars and the stopping of yard freight trains in the west yard, causing the company to close all operations in this vicinity.

Troops Applied For.

Indianapolis, Ind., July 25.—Governor Marshall has declined to send state troops to South Bend upon a request by messages from the superintendent of the Grand Trunk. The governor informed the railroad official to apply to the sheriff of the county for assistance, saying that in the event of that official failing to do his full duty, action would be taken by the governor. Later a message came from sheriff Orr, in which he told the governor that trains were

moving and that he could handle the situation.

Trains Wrecked.

Williamstown, Conn., July 25.—The first of three freight trains to be run over the Central Vermont railroad out of New London since the strike began Monday, was wrecked here Sunday by running into an open switch. Fireman Schultz sustained a broken hip.

Strikers Cause Riots.

Scranton, Pa., July 25.—During a riot at Carbondale tonight between strike breakers and striking section hands of the Delaware and Hudson railroad, one man was shot.

Many Wrecks in a Day.

Franklin, Pa., July 25.—It was "off again, on again, Finnegan," Sunday, on the Franklin branch of the Lake Shore railroad, as four trains were wrecked and five men were hurt, one perhaps fatally.

First, a westbound train, perhaps fatally, ran into a double header, piling up three engines and seven cars. A wreck rushing from Ashtabula, O., jumped the track near Jamestown and was ditched. Three locomotives coupled together running to the telegraph office for orders, collided near the roundhouse here with another engine, the locomotive being demolished and the others badly damaged. William Dye, of Ashtabula, engineer of the wrecked train, was seriously injured. Four other engineers were hurt, but not seriously.

Freight Cars Burned.

Cleveland, O., July 25.—Two score freight cars with their contents and the Big Four freight train at Lorain, a suburb, were burned last night. The loss is \$200,000.

G. H. OFFICIALS INSPECTING ROAD

Thornwall Fay and W. G. Van Vleck Make Motor Car Tour Over Line.

Stonewall Fay, first vice president of the G. H., and second vice president W. G. Van Vleck arrived in the city on a special train, composed of their private cars, Friday morning at 2 o'clock. Later in the day they went out on the El Paso division of the G. H. to inspect the line, the first official inspection since the maintenance of way men went on a strike.

A special carrying the officials' private cars went out behind the motor and they will not return to El Paso but will continue the inspection back to Houston.

The officials were accompanied on a trip of inspection by G. S. Waid, superintendent of the El Paso division, who arrived Saturday night from California.

WASHOUTS IN ARIZONA ON SOUTHWESTERN REPAIRED

It was stated at the office of the general manager of the Southwestern Monday morning that all the Southern trains in the flooded district in Arizona were running on time; that the tracks were being repaired and that normal conditions will prevail in a few days.

Superintendent G. P. Hawley went to the scene of the washouts Saturday night to superintend the reestablishment of traffic in the flooded district.

The Praise That Comes From Thankful El Paso People.

One kidney remedy never fails. El Paso people rely upon it. That remedy is Doan's Kidney Pills. El Paso testimony proves it always reliable.

F. H. Wieland, 920 Wyoming street, El Paso, Texas, says: "I can highly recommend Doan's Kidney Pills. I found them to live up to the claims made for them. For a long time I suffered from a pain in the small of my back, so severe at times that I could scarcely get about. My kidneys were also disordered and the secretions became unnatural and too frequent in passage. Reading about Doan's Kidney Pills, I thought that they might help me and I began their use, procuring a box at Kelly & Pollard's drug store. They entirely rid me of all my aches and pains and corrected the difficulty with the kidney secretions. The fact that I have had no return of kidney trouble since, gives me a high opinion of Doan's Kidney Pills."

DEL RIO DARS ILLITERATE VOTERS

Purchasable Element Ruled Out In Primaries—All Voters Had To Read English.

POLITICIANS MADE A KICK

Del Rio, Tex., July 25.—This city is likely to get itself very much talked about because of the action of the election commissioners at the recent Democratic primary in carrying out a resolution adopted unanimously by the Democratic executive committee.

Ever since elections have been held in this border town a distinct and large so-called purchasable vote has been brought to the polls and no doubt many times controlled the situation. The representative people of the city have long looked upon this as a blot upon the honor of the community and have attempted time after time to bring about a more healthy condition, but until the recent primary no decisive action was ever taken. The Democratic executive committee in preparing for the primary adopted unanimously a resolution against permitting anybody to vote who "could not read and write the English language." Sentiment from all sides complimented the committee and no single representative citizen went up against the resolution.

At the primary the election commissioners carried out the resolution to the letter, but protests from those who are most active in local politics were made. The commissioners declared the action illegal and pressure in other ways brought to bear. The commissioners were firm and carried out their instructions and for the first time in the history of Del Rio the purchasable, illiterate, indigent Mexican vote failed to control the situation.

THREE VOTES THAT WERE NEVER VOTED

How Brotherinlaw of Ring Manager Got a Ring Worker Out of Way.

This is to be the story of a friendly family feud, also of a joy ride which was not a joy ride. Van Wilson is a brotherinlaw of Adrian Pool and vice versa. Pool was campaign manager and general hustler for the "ring" managers, but he was not sympathetic with the ring's candidates and was openly for the opposition. Saturday evening an hour before the polls closed, Wilson drove down to the Democratic headquarters in his red touring car, Dr. L. J. Bush, one of the big chiefs of the "ring" organization, was conferring with Pool about the 12th hour voters. Adrian told Dr. L. J. where he could get three votes if he would go after them. Dr. went. He climbed into Wilson's machine, and Van turned on the juice. But instead of going in the direction of the three prospective votes, the red car hit up in the direction of the county road and Ysleta. The speed ordinance was violated and Dr. Bush was unable to get out of the car. He rode until 7 o'clock and the polls had closed; then he was brought back to town and unloaded at the Democratic headquarters.

The "ring" was very exactly three votes short of the official count was made but these were not missed in the final estimate.

IMMIGRATION INTO BALTIMORE—HEA VALLEY SECTION

Svenson Land Company Brings in Large Number—People Like Baseball—Peccos to Play Next Sunday.

Baltimore, Texas, July 25.—Immigration from the north and east started into the Hea valley as the summer season with new vigor, after the comparatively dull season of the past few months. The farming communities in other states have been so extremely busy with their crops that they have not had time to invest much in the movement of all agricultural states in the union.

No better evidence of the ingress into Toyah valley is shown than by the exceptionally large party of prospective buyers, which the Svenson Land company brought into the valley on its last excursion. There were two carloads of them, one car coming from Kansas, and the other direct from Chicago. Both cars were taken out over the new railroad, which is being built from the north end of the valley.

Land company officials state that this last excursion was by far the largest they have had for a number of months, and that they are well pleased with the results of the trip.

One of the best evidences of the health of the general vitality of the inhabitants of Baltimore and Toyah valley, is the vigorous interest which they manifest in sports of all descriptions. Every Saturday afternoon the baseball diamond is brought into use, except on frequent occasions, of course, when the Baltimore nine leaves the city to play a visiting game. Last Saturday the baseball nine from Barstow made the trip of over 45 miles to Baltimore, only to suffer defeat at the hands of the Baltimore boys with a score of 14 to 4. Next Saturday the Baltimore boys hope to cross bats with the Peccos nine.

ABOUT RAILROAD PEOPLE.

J. McQueen, G. H. roundhouse foreman, left for New Orleans Sunday night on a vacation trip.

Carl Hellerstedt, assistant superintendent of the union station, returned Saturday from a trip to Amarillo, Roswell, N. M., and other places.

C. M. Wilkerson, commercial agent of the Kansas City Southern, with headquarters at San Antonio, left Sunday night for that city, after spending several days in El Paso.

Frank Appel, G. H. switchman, accompanied by his family, left Sunday for San Francisco, where Mr. Appel will spend his vacation of thirty days.

G. S. Waid, superintendent of the El Paso division of the G. H., returned Saturday night from Los Angeles, to which place he accompanied Mrs. Waid, who will remain there for a few weeks recuperating from an attack of typhoid.
